

Basic Guide to Posting on a Discus Site

The image shows a screenshot of a Discus comment form for a site named 'bookofxianshen'. The form includes a title 'bookofxianshen Comment Policy', a 'Respect' tag, and a '0 Comments' indicator. Below the title is a 'Start the discussion on...' text area. A rich text editor toolbar is visible with icons for Bold (B), Italic (I), Underline (U), Strikethrough (ABC), Quote (»), Spoiler (S), and Code (</>). Below the editor are fields for Name, Email, and Password, and a checkbox for 'I'd rather post as a guest'. A 'Post' button is at the bottom right. A red arrow points to the Code icon in the toolbar, and a blue arrow points to the Post button.

Makes highlighted Text Bold

Makes highlighted Text Italic

Makes highlighted Text Underlined

Strikes through highlighted Text

Allows inclusion of Quote Marks

Type your Post in this box.

Allows links to external Websites to be added, all such posts will then be Moderated

Allows Code to be included, not allowed on our site

Press this Arrow to Enter your Post

Allows Spoiler Alerts to be added, not applicable to this site.

Check this box to post anonanonymously , you still have to include your name & email address, but they are not shown on the site or are able to be seen by Moderators. We do not Moderate Comments and trust our visitors to behave responsibly. However, the Disqus system requires that Guest (anonanonymus) posts are Moderated.

You can sign up to a Free Disqus Account from this link, once created it allows you to Post on any site using the Disqus system and Login from the Dropdown.
